

Prison Fellowship: Angel Tree

Did you know? With your support parents in 96 UK prisons sent 5,172 Christmas Gifts to their children in 2023.

The Angel Tree project gives parents locked in prison without their children this opportunity to send a Christmas present and, if they wish, also a Christian book to their children.

Despite the cost-of-living crisis many children have been blessed with Christmas gifts through the post from Dad or Mum – a wonderful reassurance that their absent parent does love them.

Thank you for your support last year, Harlington. Can we continue into the future?

Prison Fellowship: Sycamore Tree

Sycamore Tree is an accredited programme for prisoners about Victim Awareness and Restorative Justice.

Sycamore Tree explores the wider effects of crime on victims, offenders, and the community. We discuss what it would mean to take responsibility for prisoners' personal actions.

This is a 6 week course in groups of up to 20 learners. It is run by fully trained Prison Fellowship volunteers from local churches. For nearby prisons in Bedfordshire and Buckinghamshire this includes Harlington volunteers and those from other local villages and towns.

Do chat to your Harlington churches Prison Fellowship volunteers in St. Mary's and Life Church to find out more about our involvement in this project.
